Dear Gerry,

On behalf of the DCI's Science and Technology Advisory Panel, I want to thank you for taking the time to have lunch with us during our triannual meeting this week.

Your comments were candid and to the point, and the Panel found much in them to mull over during the remainder of the meeting. Strategic defense is an area in which the Intelligence Community will clearly have a close interest over the coming years, and I'm certain STAP will be called on to assist. The insights you offered should help us to do a better job of advising the DCI when we look at some of the complex issues that may be involved.

Again, thanks for sharing both your time and your views. If we can be of any assistance to you, please don't hesitate to contact me.

Sincerely,

STAT
